## Goal and Objectives of Workshop

---

- Goal:** To enhance the delivery of preventive services
- Teaching Objectives:**
  - Frames, Mindsets, and Data Models
  - Policy, Advocacy and Management Skills

---

10/10/06AAPHP *PTSK* Wrap upModule 9, Slide 3

## “tricks of the trade”

---

- “tricks of the trade”** for successful implementation of preventive services in healthcare and community settings
- (module specific points)

---

10/10/06AAPHP *PTSK* Wrap upModule 9, Slide 4

## How Did We Do?

---

- What material was new to you?
- Does it qualify as “tricks of the trade”
- Do you believe that
  - You will be more likely to advocate for preventive services in your hospital/clinic/health department
  - You will be more likely to partner with the community
  - You will be more successful in getting new or expanded programming because of this workshop?

---
